

An isometric illustration of a futuristic city. The scene features several buildings, including a tall blue skyscraper with a 'Hotel' sign and a white building with a green wall. A multi-lane road with self-driving cars (blue, pink, and green) is the central focus. A pink digital sign on the road reads 'ENERGY SAVING DRIVE'. A large blue sign on the right says 'Fast Lanes'. The cars have visible sensor waves emanating from them. The overall aesthetic is clean and modern, with a focus on sustainable and intelligent urban infrastructure.

CESTE BUDUĆNOSTI

tekst Martin Fraas ilustracije Studio Topie

Opskrbljuju vozila energijom, pročišćuju zrak, same se obnavljaju, a uza sve to ceste budućnosti postat će i digitalni komunikacijski kanali.
